

Notice of Vader Public Hearing

Re: Side-sewer Repair & Replacement Project

NOTICE IS HEREBY GIVEN that **a public hearing** will be held by the Vader City Council in the Vader City Council Chambers, 317 8th Street, Vader, WA 98593, on **July 24th, 2014 at 6:30 p.m.**

The purpose of the public hearing is to review a scope change for the Community Development Block Grant Contract awarded June 2013:

The City of Vader was originally approved for funds to TV and repair/replace faulty manholes and leaking side-sewers in the public right-of-way (ROW). The TV inspection showed that the side-sewers in the public right-of-way were already upgraded to PVC and are not in need of repair or replacement, therefore, the City has requested a change to the scope of work for the project to TV the public collection system, repair/replace faulty manholes, and replace leaking private side-sewers for Low-to-Moderate (LMI) residents.

An outline of the proposed Inflow & Infiltration Removal from Vader City Side Sewers project is available for review at the Vader City Hall Clerk's Office on Mon, Tues, Weds and Thurs from 9:00 a.m. to 1:00 p.m. or on the Vader City website at vaderwa.org. Comments may be submitted in writing to: City of Vader, PO Box 189, Vader, WA 98593, in person at City Hall or by email at cityclerk@vaderwa.org. The Vader City Hall is handicap accessible. Arrangements to reasonably accommodate special needs, including handicap accessibility or interpreter, will be made upon receiving 24-hour advance notice. Contact Jill Nielson at 360-295-3222.
